The Honorable Board of Supervisors
County of Los Angeles
383 Kenneth Hahn Hall of Administration
500 West Temple Street
Los Angeles, CA 90012

Dear Supervisors:

**APPROVAL TO EXTEND FIVE MEDICAL
LABORATORY SERVICES AGREEMENTS
(ALL SUPERVISORIAL DISTRICTS)
(3 VOTES)**

SUBJECT

Request approval to extend five agreements for overflow and specialty laboratory testing and reporting of client specimens to the Department of Health Services (DHS), Department of Public Health (DPH), and Department of Coroner (DOC).

IT IS RECOMMENDED THAT YOUR BOARD:

1. Authorize the Interim Director of Health Services, or his designee, to execute Amendments to Agreement No. H-212917 with Focus Diagnostics, Inc., No. H-212918 with Laboratory Corporation of America (formerly known as PathNet Esoteric Laboratory Institute), No. H-212919 with Quest Diagnostics, Inc., No. H-212921 with USC Electron Microscopy Laboratory (formerly known as USC Clinical Laboratories), and No. H-703102 with The Regents of the University of California UCLA Pathology Outreach Services to extend the term of each Agreement for six months at their current rates, effective July 1, 2009 through December 31, 2009, for the continued provision of overflow and specialty laboratory testing and reporting of client specimens, at an estimated six month cost of \$4,148,036.
2. Delegate authority to the Interim Director of Health Services, or his designee, to extend the contract terms of the Agreements, month-to-month, for a maximum of six months, under the current rates, effective January 1, 2010 through June 30, 2010, at an estimated six month cost of \$4,148,035.

ADOPTED

BOARD OF SUPERVISORS
COUNTY OF LOS ANGELES

38

JUNE 9, 2009

Sachi A. Hamai
SACHI A. HAMAI
EXECUTIVE OFFICER

PURPOSE/JUSTIFICATION OF THE RECOMMENDED ACTIONS

Approval of the recommended actions will allow the Interim Director of Health Services, or his designee, to sign Amendments with Focus Diagnostics, Inc. (Focus), Laboratory Corporation of America (LabCorp), Quest Diagnostics, Inc. (Quest), USC Electron Microscopy Laboratory (USC), and The Regents of the University of California UCLA Pathology Outreach Services (Regents) substantially similar to Exhibits I through V, to extend the term of each Agreement for six months with up to six month-to-month extensions for the continued provision of overflow and specialty laboratory testing and reporting of client specimens to DHS, DPH, and DOC. The Agreements are slated to expire on June 30, 2009.

The County has contracted for reference medical laboratory services for several years. Although departments have staff to perform these services, the workload fluctuates and exceeds the County's capacity to perform these services. Moreover, the County does not have the capability to perform certain services that are performed by the reference laboratories because it does not possess the technology or the equipment to provide all required medical laboratory services on-site. County facilities depend on these contractors to perform both overflow and specialty laboratory testing and reporting of client specimens. These contracted reference medical laboratories provide as-needed laboratory testing for patients receiving services at County medical facilities, and for the DPH Public Health Laboratory. It is necessary that the DOC maintain access with contracted reference medical laboratory service providers to perform specimen tests that may not be performed by their existing contract with National Medical Services.

Approval of the amendments will afford DHS and DPH (Departments) the opportunity to thoroughly assess and analyze the departments' scope and need for reference laboratory services. In an effort to consolidate and standardize contracted laboratory testing for full operational effectiveness at both DHS and DPH, the Request for Statement of Qualifications (RFSQ), scheduled for release in March of 2009, was temporarily suspended pending the completion of their combined assessments. DHS and DPH are conducting independent assessments to determine utilization of all reference medical laboratory services and the County's capability to perform said services from its own County laboratories. This analysis will also provide data to assist in determining the cost effectiveness of the performance of these services with contractors.

Moreover, DHS has selected and is ready to appoint a new Director of Laboratory Services. The appointment of a new Lab Director at LAC+USC which was vacated due to the retirement of the prior incumbent will provide direction and strategic planning essential to the effective and efficient use of County laboratory services. The new LAC+USC Lab

Director will work closely with the DHS Chief Medical Officer to determine the capabilities and needs of DHS' laboratory services.

Implementation of Strategic Plan Goals

The recommended action supports Goal 1 Operational Effectiveness, and Goal 4, Health and Mental Health, of the County's Strategic Plan

FISCAL IMPACT/FINANCING

The rates remain the same for each Agreement through the two extension periods. Expenditures under each Agreement may vary depending on each facility's needs.

The estimated cost for the five Agreements for reference medical laboratory services, effective July 1, 2009 through December 31, 2009 is \$4,148,036. The estimated cost including the month-to-month extensions, effective January 1, 2010 through June 30, 2010, is \$4,148,035. The additional month-to-month extensions bring the final estimated cost to \$8,296,071. Funding is included in DHS', DPH's and Coroner's FY 2009-10 Proposed Budgets. Below is a chart detailing the funding amounts for the service providers and the respective health facilities:

<u>Facility</u>	<u>Focus</u>	<u>LabCorp</u>	<u>Quest</u>	<u>Regents</u>	<u>USC</u>	<u>12-Month Cost</u>
Harbor-UCLA Medical Center	\$775,000	\$165,000	\$1,192,000			\$2,132,000
LAC+USC Healthcare Network	\$1,008,000	\$240,000	\$2,445,000		\$4,000	\$3,697,000
Juvenile Court Health Services		\$28,000				\$28,000
High Desert Health System	\$1,000	\$74,000	\$350,000			\$425,000
Rancho Los Amigos National Rehabilitation Center	\$60,071	\$8,000	\$96,000			\$164,071
Martin Luther King, Jr. Multi- Service Ambulatory Care Center	\$318,000	\$110,000	\$517,000			\$945,000
Olive View-UCLA Medical Center	\$348,000	\$46,000	\$369,000	\$90,000		\$853,000
Public Health Laboratory						\$2,000
Department of Coroner						\$50,000
Estimated Total						\$8,296,071

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

On October 18, 2001, your Board approved agreements with five contractors, Focus, PathNet, Quest, USC, and Specialty Laboratories for the provision of reference medical laboratory services for the period of July 1, 2001 through June 30, 2006, in the amount of \$3.2 million per FY. On May 28, 2002, your Board approved termination of the agreement with Specialty Laboratories.

On November 1, 2005, your Board approved amendments to extend the terms of the Agreements with Focus, PathNet, Quest, and USC through June 30, 2008, delegated authority to the Director, or his designee, to enter into subsequent amendments to add medical laboratory tests to the scope of each agreement, as may be required, upon review and approval by County Counsel, and add new Board-mandated provisions at an estimated net County cost of \$4.6 million per fiscal year.

On December 18, 2007, your Board approved an Agreement with Regents for the provision of highly specialized laboratory testing services on an intermittent basis at OV-UCLA for the period of December 18, 2007 through December 31, 2008. On October 21, 2008, your Board approved an amendment to extend the terms of the Agreement through June 30, 2009.

On May 13, 2008, your Board approved amendments to extend the terms of the agreements with Focus, PathNet, Quest, and USC, on a month-to-month basis, through June 30, 2009, to allow DHS time to complete a solicitation process for these services and obtain successor contracts.

The Request for Statement of Qualifications (RFSQ) scheduled for release in March 2009, has been temporarily suspended while DHS completes its assessment of department-wide utilization of all reference medical laboratory services agreements and the County's capability to perform said services from its own County laboratories.

The overflow and specialty medical laboratory services are provided in accordance with the needs of the Department and under the administrative direction of the DHS facility's Medical Director. Each Agreement includes all Board-mandated standard provisions.

Provisions of the Agreements allow either party to terminate the contract upon 10-calendar days advance notice to the other party.

County Counsel has approved Exhibits I through V as to use and form.

The Honorable Board of Supervisors
